- **A Full-Service A/E Firm**
- **Three Offices in NY and PA**
- **143 Full Time Employees**
- **Committed to the future of our clients and our communities.**

Grant Consulting Services

Communication and Planning HUNT is committed to our clients and invests time in understanding local budgets, five-year plans, wish lists, and priority projects.

Grant Opportunity Research HUNT is well-versed in investigating the availability of grant funds to offset the costs incurred by developing and upgrading facilities and will match projects to the best funding opportunities.

Application Development HUNT works closely with clients to develop competitive funding applications, including coordination with regulatory and funding agencies, development of multi-year plans and preliminary engineering reports, cost-effective budgets, documentation of need and support, and clear articulation of objectives.

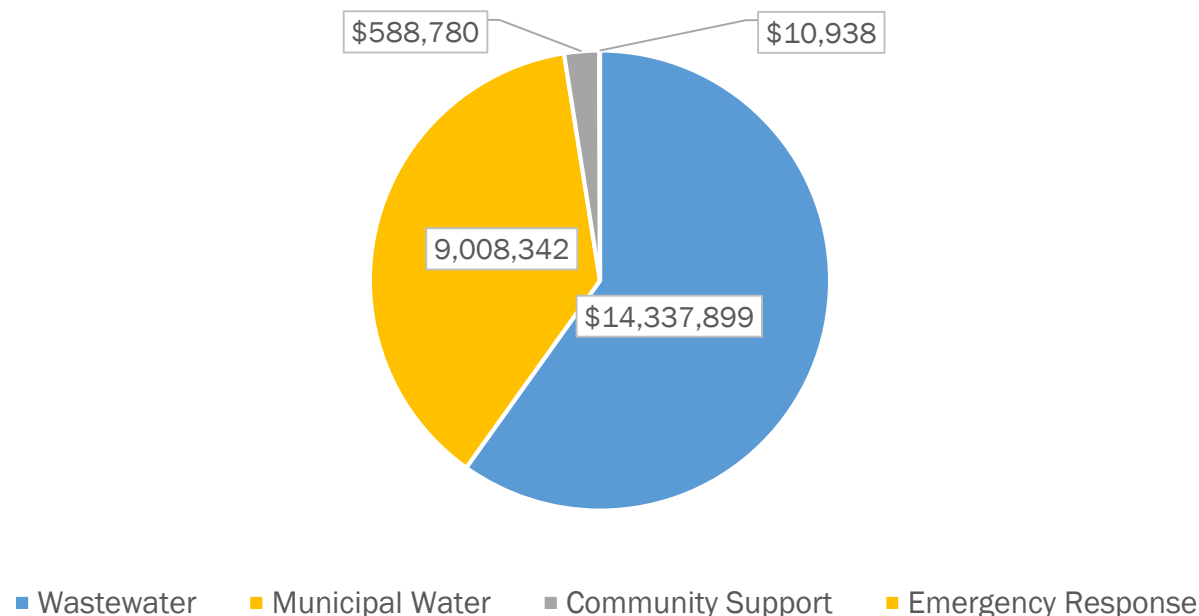

Grant Administration and Reporting Our team will help to execute the contract, aid in environmental reviews, administer grant funds, develop project reporting, and support the awardee with community meetings.

Project Completion HUNT provides project oversight, certification of project completion, and grant contract closeout support.

HUNT Grant Experience, 2016-2018

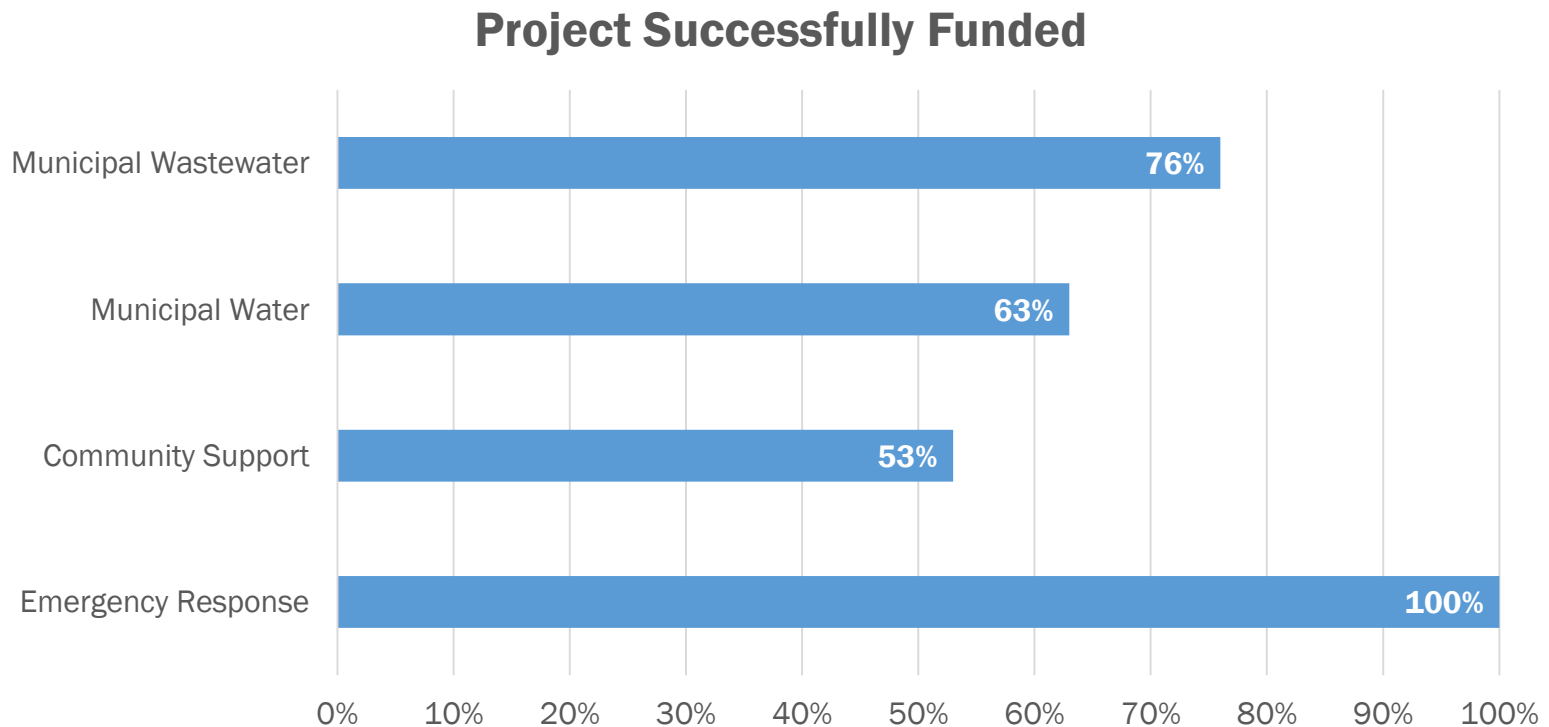

- Leveraged \$47 Million to Support 31 Communities
- Awarded \$24 Million from 20 Federal and State Funding Opportunities
- Wastewater, Municipal Water, Emergency Response, and Community Support: Forestry, Main Street Revitalization, Administration, and Planning

Lansing (T)	32.07%	\$67,721	11,033	11,033
Tompkins (County)	48.79%	\$52,624	101,564	101,564
Trumansburg (V)	49.07%	\$47,955	1,797	1,797
Ulysses (T)	35.59%	\$64,085	4,900	4,900

Sampling of Awarded Projects

- **\$1,000,000 Wastewater Disinfection Project – Village of Owego, NY**

Funding Source: DEC Water Quality Improvement Program | Awarded 2018

This project will ameliorate a water quality impairment by providing disinfection of the effluent from the wastewater treatment plant in response to a permit modification request.

- **\$2,349,833 Water System Improvement Project – Town of Candor, NY**

Funding Source: EFC Water Infrastructure Improvement Act | Awarded 2018

HUNT assisted in securing grant funds for critical water infrastructure improvements which will ensure reliable conveyance, improve water quality, and provide adequate fire protection for the community.

- **\$116,081 Town Park Improvements – Town of Campbell, NY**

Funding Source: OPRHP Environmental Protection Fund Grants | Awarded 2018

Improvement to the park including new courts and lighting will significantly contribute to the quality of life in this rural town by restoring a dilapidated resource to serve the recreational needs of residents.

- **\$50,000 Water Study – Village of Millport, NY**

Funding Source: NYS OCR Community Development Block Grant | Awarded 2018

Funds will be used by this small community to evaluate critical water infrastructure and lay the groundwork for a future project that will protect the health of residents

Sampling of Awarded Projects

- **\$320,000 Liberty Street Target Area Renovation Project – Village of Bath, NY**

Funding Source: OCR New York Main Street | Awarded 2016

The Village, in collaboration with property owners and civic organizations implemented renovation of four historic buildings on Liberty Street and are making a positive impact on the downtown business district.

- **\$501,761 Municipal Water Fluoridation Improvement – City of Olean, NY**

Funding Source: NYS DOH Drinking Water Fluoridation | Awarded 2017

The project includes deactivating a well site that is no longer used and construction of a new fluoride and chlorine room, bulk chemical transfer station, and safety equipment at the primary well site. The project will benefit 15,000 customers.

- **\$64,851 Records Management – Town of Big Flats, NY**

Funding Source: NYS Archives Local Government Records Management Improvement Fund | Awarded 2018

Due to repeated flooding, the Town DPW relocated from the basement office to a new office with one quarter of the floor space. The project includes scanning and indexing the permanent DPW inactive records to enable electronic access and new software to manage future workflow electronically.

Our Commitment

HUNT's commitment goes beyond any formal document, written agreement, or conversation. What makes our company great are the values and mission its built upon; we are committed to the future of our employees, our clients, and our communities.

HUNT is here for the long haul - we will stick by you, support your goals, and work with you throughout your project, from the planning stages to your final inspections. Join us and experience the service that hundreds of our clients already enjoy.
